

Supply Chain Transformation

Handlers face rising hauling costs, outdated technology, workforce risk, and competitive pressure. Without modernization, costs rise and members lose confidence.

THE SOLUTION

Ever.Ag's Supply Chain Transformation solution provides technology, processes, and people to enable your co-op to leap to best-in-class performance with AI-driven optimization and KPI measurement.

HOW WE DO IT

- Ever.Ag takes end-to-end responsibility for operating and optimizing your supply chain—payroll, dispatch, hauler relations, technology implantation and analytics
- SilverLink 3PL acts as a “master hauler,” insulating you from liability
- Joint client/Ever.Ag teams remove bottlenecks to cut miles and cost

THE RESULTS

- 8-15% Farm-to-Plant savings
- 8-15% Plant-to-Plant savings
- ROI multiples of service cost
- Continuous improvement and innovation

Turn supply chain challenges into opportunities.
